

It Is Iron In The Blood That Makes Iron Muscles Like These--

Physicians Below Explain a Secret of the Great Power and Endurance of Athletes—Tell How Organic Iron—Nuxated Iron Helps Build Rich, Red Blood That Gives Physical Strength and Energy To Go In and Win

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit. It takes men of red-blooded force and power to hit the sledge-hammer blows that count—and whether you are a pile-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike—and strike hard.

women, better able physically to meet the problems of everyday life, I believe that physicians should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science. "Without iron there can be no strong, red-blooded men," says Dr. T. A. Wallace, a physician of many years' experience formerly of the British Naval Medical Service. "Unless this strengthening iron is obtained

from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe. "If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to ignominious defeat simply for lack of iron. "Manufacturers' Note: Nuxated Iron, which is sweetened and recommended by physicians as a secret remedy, but one which is well known to druggists. Unlike the older laxative iron products it is easily assimilated, does not irritate the stomach, makes the blood rich and healthy, and is a powerful stimulant. It is distributed in this city by all good druggists.

Eureka Lily to Sink to 1640 Ore Bodies

SALT LAKE, April 12.—The Eureka Lily mine will begin sinking operations upon the second ore body encountered on the 1640 level, according to Manager Snyder. This showing has been followed for a distance of approximately 250 feet on its strike. Values of samples taken at intervals along this distance have run from 25 to 70 ounces of silver to the ton; from \$5 to \$17.50 in gold and from 7 to 25 Snyder. Cross-cutting of this vein has exposed an oxidized quartz zone for a width of thirty feet. Since physical conditions indicate that the mineralization will increase with depth, although the ore is still going ahead, the management has decided to develop this showing more fully by sinking a winze. This work will be started as soon as an air hoist is installed upon the site of the winze.

LETCHER APPOINTED BANKRUPTCY REFEREE

SALT LAKE, April 12.—Jerrold R. Letcher, who, with the title of deputy secretary of state, has been at the head of the staff of Harden Bennion since the latter became secretary of state three years ago, was yesterday appointed bankruptcy referee in the United States court organization for this district. He will succeed Charles Baldwin, who died recently.

BUREAU OF MINES CAR WILL COME TO OGDEN

SALT LAKE, April 12.—Revision of the itinerary of the bureau of mines car No. 11, which has spent the last six months in Utah and is now at Battle Mountain, Nev., has been announced. The schedule dates for the car are as follows: Battle Mountain, Nev., April 4 to 24; detached training at Eureka, Battle Mountain and Austin, Nev., en route Battle Mountain, to Salmon, Idaho, via Ogden, April 25 to May 1; Salmon, May 2 to 25; Gl-

WAR PRISON FREE OF INTERNED RADICALS

SALT LAKE, April 12.—But six enemy aliens remain at Fort Douglas and because these have refused to report to an American supervisor and refrain from radical activities, they will be turned loose today without funds or transportation. Franz Holuba, Anton Sige, Louis Schultz, Paul Rassel, Henry Miller and Carl Paschke were released yesterday.

PROF. YOUNG GOING TO SAVANTS MEETING

SALT LAKE, April 12.—Professor Levi Edgar Young, head of the department of western history at the University of Utah, has been appointed as Utah's delegate to the convention of the American Academy of Political and Social Science, which will be held in Philadelphia May 7, 8 and 9. The appointment was made by Governor Bamberg.

\$35,000 BLAZE IN OIL REFINERY

Illumination Caused by Burning Vat Seen by Ogden Residents

SALT LAKE, April 12.—A fire, resulting in a loss of \$35,000 in equipment at the plant No. 1 of the Utah Oil Refining company on North Fourth West street, Salt Lake City, which was extinguished thirty minutes after its occurrence by a combined force of city fire department men and employees of the company, who fought the terrific blaze with sulphuric acid and water from a dozen hoses. The fire was due to the explosion of an 18,500-gallon wax distilling vat, which threw thousands of gallons of oil into the air, falling in a shower over the neighborhood for a radius of a thousand feet. So great was the illumination caused by the burning vat that Ogden people living in the vicinity of Twenty-sixth street and Van Buren avenue saw the light in the sky and called the Standard-Examiner office.

SUGAR INQUIRY STILL GOING ON

President of Gunnison Valley Sugar Company Testifies to Alleged Duplicities

SALT LAKE, April 12.—At the federal trade commission hearing yesterday testimony concerning the alleged efforts of the Utah-Idaho sugar company to present the successful operation of the Gunnison Valley Sugar company was introduced. W. H. Ross, president of the company, was on the stand for the greater part of the day for direct and cross-examination. Robert H. Young of Richfield, president of the Sevier states of the L. D. S. church, was termed by Mr. Ross as the man who would have been responsible had the company failed. Ross alleged that Young made derogatory remarks with the view of injuring the company. Peter (Sugar) Beet) Hansen of Sevier county, a field agent for the Utah-Idaho company, was another employee who had made remarks not to the advantage of the company, according to Mr. Ross. Ross at a later point in the trial, replied to a question of Henry Ward Beer, special attorney for the trade commission, that the L. D. S. church, as a church, had never done anything to interfere with his company, but that officials of the church had acted as individuals against him.

Strike May Force Coal Mines to Close

SALT LAKE CITY, April 12.—The strike may also force Utah coal mines to suspend operation, it is declared by operators here, as none of the product is being shipped. In Carbon county the situation is said to be especially critical. Approximately 4000 men are employed in the mines here.

REMOVAL OF SUGAR FACTORY IS SOUGHT

BRIGHAM CITY, April 12.—Farmers in the vicinity of Bear River City are attempting to get the Utah-Idaho Sugar company to change the site of the proposed new sugar factory at Honeyville to Bear River City. By making this change the promoters of the movement say the corporation will save a sum of \$75,000 by eliminating the necessity of constructing a bridge over Bear river and a railroad spur from the Oregon Short Line at Honeyville to the factory site two miles east. The Bear River site already has a spur running through it and it is estimated that the section including North Elwood and the Corinne district can produce 60,000 tons of beets. As yet no official of the sugar company has made any statement with regard to the proposal.

UNCOVER BODY OF DEAD SHEEPHERDER

POCATELLO, Ida., April 13.—While sheepherders were gathering together for the annual meeting of the Idaho Sheepherders' Association, which was held here yesterday, they came across the body of a man which had evidently been buried for some time and brought to the surface by coyotes. A few shreds of clothing indicated that the man had been a sheepherder, but it is difficult to identify him as there is no report in the district of the disappearance of a sheepherder for some years past.

Why Society Women Wash Their Own Hair

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthar mixture. You can use this at a cost of about 2 cents a shampoo by getting some canthar from your druggist and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Canthar and lard are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you.—Advertisement.

For Sagging or Hanging Cheeks and Chin

Flabbiness of cheeks, chin or neck was considered very difficult to correct until the discovery of what has proved to be a veritable wonder-worker for such conditions. The preparation is so simple and harmless any woman can easily make and apply it. It is all the more remarkable in that its beneficial effects are apparent even after the very first application, both as to appearance and the feeling of comfort produced. The formula is: One ounce powdered azoicite, dissolved in one-half pint witch-hazel. Use daily as a wash lotion. The solution tends to contract and solidify the loosened, baggy tissue, smoothing out the folds, creases and wrinkles, besides having a refining influence on skin of coarse texture and large pores. An witch hazel and azoicite can be had at any drug store, anyone can try this successful recipe.

How To Beautify Your Complexion

By VIOLA DANA

That sensational actress, Viola Dana, who is recognized as an authority on beauty topics says: "The best and quickest method of obtaining a beautiful, rosy-white complexion is to thoroughly cleanse the face night and morning, then apply that popular beautifier, Derwillo, which has become a regular fad with over five hundred thousand discriminating girls and women in the United States." Derwillo takes the place of face powder as it is more life-like in appearance, its use cannot be detected and it stays on until you wash it off. Perspiration does not affect it, nor will it rub off on clothing, and the wonderful sale it has had proves that it is superior to all other beautifiers and face powders. There is nothing like it for dark, sallow skin, freckles, tan, coarse pores, wrinkles and many other facial blemishes. It is guaranteed absolutely harmless and sold at toilet counters everywhere with the understanding that if you don't like it they will give you back your money. Be sure to read the large article by Miss Dana soon to appear in this paper. It gives a world of valuable information on the care of the skin, something every girl and woman should know about. In the meantime get Derwillo and try it today. You will be astonished at the quick results it gives.—Advertisement.

STUDENTS OF WEBER NORMAL COLLEGE WILL PRESENT THEIR PLAY, "SATEY FIRST," THIS EVENING IN THE WARD AMUSEMENT HALL.

An irrigation meeting, at which reservoirs and high line canals to cover lands heretofore unwatered will be discussed, will be held Thursday evening in the ward chapel.

On April 1, a boy was born to Albert and Rosemary Ward Shaw, and on April 2, a girl was born to William T. and Celia Browning Thomas.
